User Stories

1. As a student, I want in-app notifications when my position on a class' waitlist changes, so that I am up-to-date about my chances of getting into a certain class.

2. As a student, I want to be emailed when my waitlist positions are changed, so that I am consistently updated on my waitlist status.

3. As a student, I want to see other recommended courses, so that I can enroll in a class that is relevant to my degree.

4. As a student, I want to search for courses, so that I can find courses more easily.

5. As a user I want to filter a list of courses by professor, major, and quarter offered, so that I quickly find courses relevant to me.

6. As a student, I want to see courses that are required for my degree, so that I know which courses I should take.

7. As a student, I want to see seats available in multiple courses, so that I can see which courses I can get into.

8. As a student, I want to view the chance of getting into a certain class, so that I can make informed decisions about registration.

9. As a student, I want to know which of my waitlist schedules have a higher chance of enrollment, so that I can prioritize those specific classes.

10. As an administrator, I want to know which specific classes students prioritize the most, so that I can schedule more classes in high demand.

11. As a student, I want to see comments by other students about specific professor's waitlist enrollment policies, so that I know of the professor's tendencies to add students from the waitlist.

12. As a student, I want to leave comments about professors' waitlist policies, so that I can share my experience with other students.

13. As a student, I want to view consolidated course options with short or no waitlists, so that I can make informed decisions on my enrollments.

14. As a student, I want to log in with my student account, so that my degree progress is linked with the system and that I can filter by courses I have not already taken.

15. As a student, I want to add selected classes to a tentative schedule, so that I can review which classes I am sending to my Enrollment Shopping Cart.
